ACCESSORIES

GL1800 GOLD WING / GOLD WING TOUR

WHEN LONG-DISTANCE MOTORCYCLING BECAME A REALITY

Honda's Gold Wing is one of the most iconic names in biking history. Revealed back in 1975, the Gold Wing became through the years, a synonym of long-distance motorcycling. The world's longest motorcycle ride, spanning 10 years, 279 countries and a total distance of 457,000 miles (735,000 km) was achieved by an Argentinian rider on a 1980 Honda Gold Wing GL1100.

ACCESSORIES

NT1100

WELCOME TO THE NEW TOURING ERA

Honda have long held a reputation for making dynamic, practical and versatile tourers. Icons like the Pan European and Deauville generated a loyal customer following by offering genuine country-crossing appeal in an exciting package.

The 2022 NT1100 continues this tradition. With its blend of sporty performance, all-day comfort and rich specification list, heralding a New Touring Era, the NT1100 is a machine that can just as easily take you across the country as take you to work.

HORNET
750

ACCESSORIES

Hornet CB750

REBIRTH OF A LEGEND

High-performance, flexible and fun, the Honda Hornet launched in Europe in 1998 and raced straight to the front of the sports naked field. The undisputed pioneer in its class, the Hornet's popularity was fuelled by the rise of the internet where sports minded Hornet enthusiasts formed loyal communities known as the Swarm. Now the Hornet buzzes back...

The skid pad, featuring the Honda logo, reduces damage of the fairing in case of a fall.

- 08P70-MLB-D00: Red
- 08P70-MLB-D80: Grey

ALARM KIT

- 08ESY-MLB-ALS** €224.00 €202.00
- This Alarm system is specially designed for the motorcycle's protection, offering a higher level of anti-theft security.

CB 650R

NEO SPORTS CAFÉ

ACCESSORIES CB650R

WHERE ARE THESE BEAUTIFUL CURVES COMING FROM?

One of the most distinctive attributes of the CB650R is its swooping four-into-one exhaust system. This beautiful design is a tribute to another iconic Honda: the CB400F also known as the CB 400 Four. Produced between 1975 and 1977, the CB 400 Four caused quite a stir thanks to its café racer look. Delivering only 37 bhp (28 kW) at 8,500 rpm and 24 lb-ft (33 N·m) at 7,500 rpm, its four-in-line engine was not meant to take the racetracks by storm. Yet, back in the late 70', some versions upgraded to 492cc were capable of 13,500 rpm and producing an estimated 60 bhp (45 kW).

HORNET 500

ACCESSORIES HORNET CB500

IS RELIABILITY SUPPOSED TO BE BORING?

It's not rare to find CB500 proudly boasting more than 300,000 kms (more than 186,000 miles), but the long-time favourite of the couriers and the driving school is much more than a workhorse. Started in France in 1996, the CB500 Cup spread across Europe quickly and helped young talents such as Sebastien Charpentier or James Toseland to make a name by themselves, on a budget.

ACCESSORIES **REBEL 1100**

DO YOU REALLY NEED A CLUTCH LEVER?

The Dual Clutch Transmission made its worldwide debuts for motorbikes in 2010 with the Honda VFR 1200. It has been constantly improved since then. DCT allows the rider to focus on accelerating, turning and braking, rather than gear shifting. This increases confidence and control for the rider. The DCT is completely different from the automatic transmission used by most scooters: it is structurally a conventional 6-speed transmission electronically controlled.

ACCESSORIES **REBEL 500**

FROM ONE REBEL TO ANOTHER?

Since 2013, The Bike Shed London is a motorcycle exhibition like no other celebrating the creative culture around the custom bike scene. It is there that Keita Mikura, the Rebel's Project Leader, was inspired to create a new kind of machine for young riders, leaving free space for further customization.

In 2017, the Rebel concept became reality and reached another level, thanks to the vision and the craftsmanship of 2 Brits: Dan Gold, a tattoo artist and Russ Brown, a custom bike builder.

STREET SCRAMBLER

Honda has a long history of getting smaller capacity bikes just right for riders around the world. A combination of easy usability, useful engine performance, affordability and distinct individuality equal motorcycles that, over time, come to mean so much to their owners.

The 1962 twin-cylinder CL72 was one such bike. One of the first true 'street scramblers' it was raced, ridden and enjoyed for years. It proved that a lightweight bike with off-road dynamics was great fun around town and, latterly, the high-barred, high-piped style has become an iconic signature for many 21st century riders.

The specific details of this brochure do not apply to any particular product supplied or offered for sale. Manufacturers reserve the right to vary specifications, including colours, with or without notice at such times in such manner as deemed appropriate. Major as well as minor changes may be involved. Every effort, however, is made to ensure the accuracy of the particulars contained in this brochure. Consult your Dealer for details regarding the specifications of any featured product. This publication shall not constitute – under any circumstances whatsoever – an offer by the Company to any individual. All sales are made by the Distributor or Dealer subject to and with the benefit of the standard Conditions of Sale and Warranty provided by the Distributor or Dealer, copies of which may be obtained upon request. While efforts are made to ensure specification accuracy, brochures are prepared and printed several months in advance of distribution and consequently cannot always immediately reflect either changes in specification or in some isolated cases the provision of a particular feature. Customers are always advised to discuss specific details with the supplying Dealer, especially if a selection is dependent upon one of the features advertised. Please contact your local dealer for information and specifications. Please note that the fuel consumption figures provided are results obtained by Honda under standardised testing conditions prescribed by WMTC. Tests are conducted on a rolling road using a standard version of the vehicle with only one rider and no additional optional equipment. Actual fuel consumption may vary depending on how you ride, how you maintain your vehicle, weather, road conditions, tyre pressure, installation of accessories, cargo, rider and passenger weight, and other factors. You accept that if you do go ahead and make a purchase or enter into any kind of transaction, whether for payment or not, you did so entirely in reliance on your own skill and judgement and not on that of anyone else.

RIDE WITH STYLE Read the owner's manual thoroughly. Get to know your machine and its capabilities. Concentration assists anticipation. Observe other road users' movements. Brake in plenty of time. Always wear a helmet and quality kit, ride fit and NEVER after drinking alcohol. Good roadcraft and courtesy identify the skilled and stylish rider. Honda endorse the law that all helmet visors must comply with BS 4110. Visors that transmit less than 50% of visible light cannot legally be used on the road.

CUSTOMIZED PARTS IMPORTANT NOTICE

Please read carefully before purchasing any Customized Parts.

The manufacturer and distributor of each Customized Part guarantees and warrants the function, performance, and quality as detailed with the Customized Part.

Customized Parts must be correctly attached or fitted in compliance with the laws and regulations.

It is the responsibility of the vehicle owner/user to ensure the Customized Parts are correctly attached or fitted to help ensure the safe use of the vehicle, the safety of the vehicle user and others.

You must read carefully and follow the instructions in the Instruction Manual/Leaflet attaching/fitting as instructed. Please make sure to conduct an inspection prior to riding the vehicle, in addition to regular maintenance checks.

If you have any queries about the attachment/fitting, please contact the dealership where you purchased the Customized Parts.

If you experience any abnormalities during the ride, please stop immediately and arrange for an inspection at a dealership.

In any absence of any negligence or breach of duty by us, the use of such Customized Parts is at your own risk. This will not affect your statutory rights.

- Prices are Suggested Retail Price for reference only. Actual sales prices are defined at each dealership.
- Prices do not include the vehicle price, or service rate to attach the option parts etc. These will be charged separately.

- The specifications, price etc. of Customized Parts are liable to change without advance notice. Customized Parts may require time for delivery or could be discontinued without advance notice.
- You must read carefully the Instructions and Customized Parts must be attached/fitted correctly as instructed to vehicles and parts on the vehicle as specified in the instructions, and should not be applied anywhere that is not specified.
- To attach/fit the Customized Parts, special treatment (e.g. wiring) may be necessary. Please contact the dealership should you have any queries.
- We cannot guarantee that it is possible to attach/fit a combination of various Customized Parts. Such attachments/fittings may not be possible, or require an extensive level of treatments.
- The Customized Parts are not Honda Genuine parts, therefore although some Customized Parts may be similar to Honda Genuine Parts the Durability, Functionality, Quality etc. may differ.
- By attaching the Customized Parts, there is a risk that engine characteristics or drivability may be affected.
- Certain Customized Parts may require to be attached/fitted at a certified factory or workshop, in this instance we strongly recommend attachment/fitting at a certified factory or workshop. Please contact the dealership for the certified factory or workshop details.
- Any fitting time stated is for reference only. For details as to fitting time, please contact the dealership.
- The exact color of the Customized Parts shown in photos may not match the actual color of the Customized Parts.
