CB1000R

The bike that changed everything

After 5 consecutive titles in the World Grand Prix Road Racing Series, Honda decided to withdraw and turn toward its primary target: transfer the technology obtained in competition to develop high-performance consumer machines. After a first attempt with a 450cc, Honda released the CB750 Four in January 1969. The initial production forecast of 1,500 units a year became soon a monthly figure and then jumped to 3,000 units/month. By pushing the boundaries of performance, reliability and easy handling in motorcycles, Honda created a new class of Superbikes. The CB1000R is the modern expression of the same spirit that guides Honda engineers since decades.

The specific details of this brochure do not apply to any particular product supplied or offered for sale. Manufacturers reserve the right to vary specifications, including colours, with or without notice at such times in such manner as deemed appropriate. Major as well as minor changes may be involved. Every effort, however, is made to ensure the accuracy of the particulars contained in this brochure. Consult your Dealer for details regarding the specifications of any featured product. This publication shall not constitute – under any circumstances whatsoever – an offer by the Company to any individual. All sales are made by the Distributor or Dealer subject to and with the benefit of the standard Conditions of Sale and Warranty provided by the Distributor or Dealer, copies of which may be obtained upon request. While efforts are made to ensure specification accuracy, brochures are prepared and printed several months in advance of distribution and consequently cannot always immediately reflect either changes in specification or in some isolated cases the provision of a particular feature. Customers are always advised to discuss specific details with the supplying Dealer, especially if a selection is dependent upon one of the features advertised. Please contact your local dealer for information and specifications. Please note that the fuel consumption figures provided are results obtained by Honda under standardised testing conditions prescribed by WMTC. Tests are conducted on a rolling road using a standard version of the vehicle with only one rider and no additional optional equipment. Actual fuel consumption may vary depending on how you ride, how you maintain your vehicle, weather, road conditions, tyre pressure, installation of accessories, cargo, rider and passenger weight, and other factors. You accept that if you do go ahead and make a purchase or enter into any kind of transaction, whether for payment or not, you did so entirely in reliance on your own skill and judgement and not on that of anyone else.

RIDE WITH STYLE Read the owner's manual thoroughly. Get to know your machine and its capabilities. Concentration assists anticipation. Observe other road users' movements. Brake in plenty of time. Always wear a helmet and quality kit, ride fit and NEVER after drinking alcohol. Good roadcraft and courtesy identify the skilled and stylish rider. Honda endorse the law that all helmet visors must comply with BS 4110. Visors that transmit less than 50% of visible light cannot legally be used on the road.

CUSTOMIZED PARTS. Please read carefully before purchase of Customized Parts. Customized Parts are to be differentiated from Honda Genuine parts. The manufacturer and distributor of each Customized Part guarantees and warrants the function, performance, and quality on their individual terms. Therefore Honda will not take any responsibility in case of any malfunctions to the vehicle due to attachment or usage of Customized Parts. If the Customized Parts causes any defects to the vehicle itself, it is not possible to receive warranty or service for the vehicle. The attachment of Customized Parts must be done in compliance with the laws and regulations. Customized Parts must be correctly attached and used upon confirming the safety of the vehicle, under the responsibility of the vehicle owner/user. When attaching the Customized Parts, please read carefully the Instruction Manual etc. and attach correctly, and when riding the vehicle please make sure to conduct inspection beforehand, as well as regular maintenance checks. Customized Parts should be attached correctly only to specified vehicles and specified parts on the vehicle. By attaching the Customized Parts, engine characteristics or drivability could be affected significantly. If any abnormalities during the ride, please stop immediately and conduct inspection at a dealership.

Prices are Suggested Retail Price for reference only. Actual sales price are defined at each dealership. The specifications, price etc. of Customized Parts are liable to change without advance notice. Also, it may require time for delivery, or could be discontinued without advance notice.
