AFRICA TWIN

Africa Twin reaches new heights

In 2017, the Africa Twin broke the record for the highest altitude reached by a twin-cylinder motorcycle. After 5 days of acclimatisation, a team of 5 five riders piloted the Africa Twin onto the slopes of the world's highest active volcano, the Nevado Ojos del Salado – located between Argentina and Chile. Reaching 5,965 metres above sea level, the international team completed its ascent within 24 hours with Africa Twin specially equipped with Termignoni exhaust, revised final sprockets, new Metzeler MC360TM tyres and a range of Honda genuine accessories. Their route took them – in temperatures as low as minus 5 degrees Celsius – through broken asphalt, gravel, mud, sand and finally stretches of ice pockets known as 'penitentes', underlining once again the Africa Twin's credentials as the best-performing off-road motorcycle in its class.

42L ALUMINIUM TOP BOX KIT

08ESY-MKS-LGALU

Made of strong and light aluminium, this 42L top box can store one full face helmet and much more. It comes equipped as standard with a backrest for the pillion.

Fitted with the one-key Honda system, this top box can be operated using the Africa twin ignition key.

It can be installed directly onto the Africa Twin thanks to the rear carrier fitted as standard and the included top box base.

Maximum load weight: 6 kgs

€1.598.00 €1.278.00

ALUMINIUM PANNIERS SET

08ESY-MKS-PNALU

Made of strong and light aluminium, this set includes 2 panniers presenting a capacity of 33L on the right side and 37L on the left.

An aluminium stay and two sets of 1-key Honda systems are included.

Maximum load weight for each pannier: 10 kgs

€713.00 **€606.00**

58L PLASTIC TOP BOX

08ESY-MLN-TB58

Top Box with a large capacity of 58L can store two full face helmets and much more, is designed with a new sticker made exclusively for the Africa Twin model. Its special lock allows to secure the lid without using the key.

Maximum load weight: 6 kgs

Dimensions (L x W x H in mm): 440 x 590 x 370

This kit includes:

- 58L Top Box with Stripe (08L70-MLN-E00ZA)
- Plastic Top Box Base (08L78-MKS-E00)
- Backrest for 58L Top Box (08L79-MKS-E00)

€1.158.00 **€926.00**

PLASTIC PANNIERS SET

08L71-MLN-E00ZA

Set of panniers specifically designed with a new sticker made exclusively for the Africa Twin model, with a stay-less installation. This set of 2 panniers are suitable for adventure touring thanks to their highly durable shell. With a 30L capacity on the right side and 40L on the left side (enough storage for one full face helmet), they are equipped with the Honda 1-key system.

Maximum load capacity per pannier: 6 kg

€571.00 **€485.00**

EASY 38L TOP BOX PACK

08ESY-MKS-LG35

38L Top Box suitable for one helmet. The Honda one key system allows to operate the top box by using the ignition key. Top box base, key system and backrest are included.

Maximum load capacity: 10 kg

INNER BAGS FOR PLASTIC LUGGAGE

08L81-MKS-E00

€151.00 **€136.00**

Inner bag specifically designed to fit the 58L Plastic Top Box. As it is waterproof and equipped with straps, it can be also attached directly onto the motorcycle. Finally, a shoulder strap makes it easy to carry.

08L83-MKS-E00

€78.00

Inner bag specifically designed to fit the right or the left plastic pannier. Same specifications as the plastic top box inner bag.

Two units are required to complete the panniers set.

INNER BAGS FOR ALUMINIUM LUGGAGE

08L82-MKS-E00

€64.00

Inner Bag specifically designed to fit the Aluminium Top Box. As it is waterproof and equipped with straps, it can be also attached directly onto the motorcycle. Finally, a shoulder strap makes it easy to carry.

08L84-MKS-E00

€101.00 **€91.00**

Set of 2 inner bags specifically designed to fit the right and the left aluminium panniers. Same specifications as the top box inner bags.

Luggage

€72.00

INNER BAG FOR 38L TOP BOX

08L75-MJP-651

Black nylon bag with embroidered silver Honda wing logo on the top and red zippers. Comes with adjustable shoulder belt and carrying handle.

€148.00

€133.00

4.5L TANK BAG

08L85-MKS-E00

Thanks to its transparent pocket, this waterproof Tank Bag is the perfect solution to store a smartphone and connect it to the USB port of the motorcycle (depending on smartphones specifications / connectors not included). A one-touch buckle and a magnet keep this Tank Bag firmly attached to the bike.

- Capacity: 4,5 Litres
- Maximum load weight: 1.5 kg

€106.00

€95.00

3L TANK BAG

08L89-MKS-E00

This light and compact Tank Bag features a transparent pocket and it's ideal to store small personal items. Unnoticeable while steering the bike, this Tank Bag is firmly attached thanks to a one-touch buckle and a magnet. A rain cover is included.

Capacity: 3L

Maximum load weight: 1,5 kg

Protection

FRONT SIDE PIPE WITH ATTACHMENT

08ESY-MLN-FSP

The stainless piping of the Front Side Pipe has been finished with electrolytic polishing, making it resistant to corrosion and allowing dirt and debris to be easily cleaned. Fairings and other parts damage in case of fall is reduced, while further enhancing the tough, adventure image.

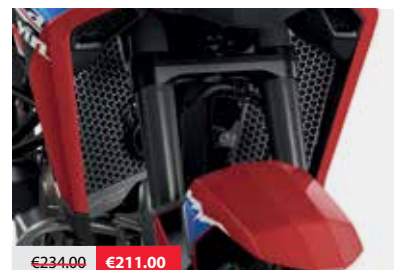

Applicable to L1 and L3 versions.

ENGINE GUARD WITH ATTACHMENT

08ESY-MKS-ENG

The Engine Guard improves the protection of the engine and the lower part of the bike. Made of stainless steel and finished with electrolytic polishing, it is resistant to corrosion and easy to clean. (Attachment included)

RADIATOR GRILLS

08F71-MKS-E00

Made of stainless steel and showcasing the CRF logo, the Radiator Grills increase the African Twin tough image. Their original mesh pattern combines cooling capabilities with protection for the radiators against flying debris.

SIDE TANK PADS

08F74-MLN-E00ZA

08R81-MKS-E00

These Side Tank Pads, which have been specially designed to fit the tank shape, help protecting the tank paint against rubbing damage while improving the grip of the rider during both off-roading and sports touring.

Available in 2 options:

- 08R81-MKS-E00 - Black
- 08F74-MLN-E00ZA - Transparent

KNUCKLE GUARDS EXTENSION

08P72-MKS-E00ZB

08P72-MKS-E00ZC

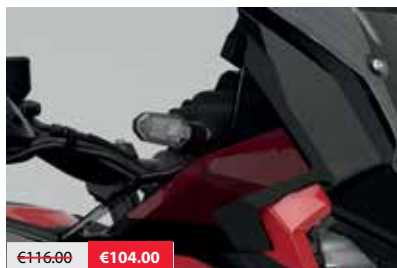

08P72-MKS-E00ZD

These extensions can be fitted to the standard Knuckle Guards to improve the comfort by further diverting turbulent and cold air around the rider's hands.

Available in 3 colours:

- 08P72-MKS-E00ZB - White
- 08P72-MKS-E00ZC - Black
- 08P72-MKS-E00ZD - Red

Comfort

UPPER DEFLECTOR

08R70-MLN-E00

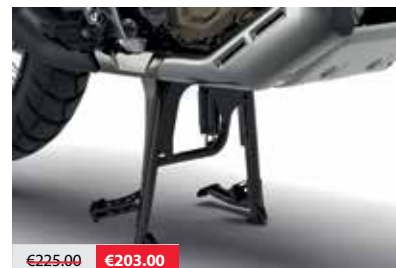

Wind and weather protection are enhanced by the upper deflector, which improves the ride comfort by reducing traveling air around the rider's arms.

DEFLECTORS SET

08R72-MKS-E00

The deflectors improve comfort by reducing travelling air around the rider's waist and knees while funneling the warm air emitted by the radiators.

MAIN STAND

08M70-MKS-E01

The Main Stand allows secure parking on a variety of ground surfaces and assists with maintenance operations.

FRONT LED FOG LIGHTS

08E5Y-MLN-FL

Set of 2 additional front Led headlights that will increase the visibility for the riders and make them more noticeable for the surrounding traffic. The LED Fog Lights increase visibility during poor weather conditions with strong brightness despite low energy consumption (11W). Operated through the handlebar SW and displayed on the TFT display.

Can only be fitted with the Front Side Pipe (Not included).

This kit includes:

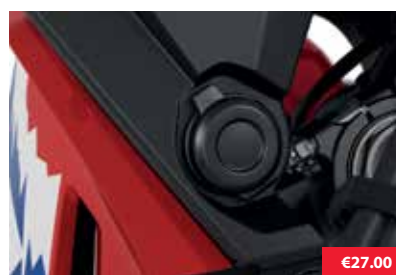

- Front Led Fog Lights Attachment (08V70-MLN-E00)
- Front Led Fog Lights (08V73-MKS-E00)

GRIP HEATERS WITH ATTACHMENT

08T70-MLN-E00

This Grip Heaters are operated using the handlebar switch. There are five heat levels to choose from which are displayed through the TFT display. By being of the same thickness as the standard grip, they don't affect the motorcycle handling. They also include a memory function and battery drainage prevention.

12V SOCKET

08U70-MKS-E00

Installed on the control panel, this 12V Socket is ideal to power or charge electrical equipment.

PILLION COMFORT STEPS

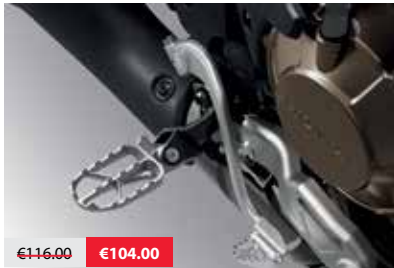

08R71-MJP-650

Optional pillion footpegs made of aluminium with a thicker rubber pad, wider than the standard pegs for increased comfort and reduced vibrations.

Africa
Twin

Performance & Design

RALLY STEPS SET

08R79-MKS-E00

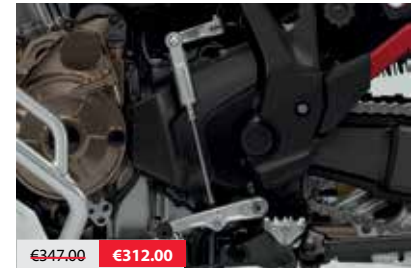

With their aggressive spike shape and a surface 57% larger than the standard ones, these Rally Steps improve the stability and control during off-road riding while reduce risk of boot slip.

DCT PEDAL SHIFT

08U70-MKS-E50

This kit enables the rider to change gear in the traditional 1 down – 5 up format by using the left foot. It works alongside the handlebar shift triggers giving the rider the choice of using either of them at any moment. (For DCT Version only)

QUICK SHIFTER

08U70-MLG-E00

The quick shifter enables smooth and instant up and down gear shifting without any clutch operation, thereby reducing the rider burden for long-distance adventure touring and added sportiness. With AUTO-BLIP function for seamless down-shifts. (For Manual Transmission version only).

WHEEL STRIPES SET

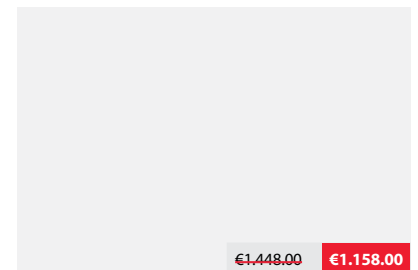

08F72-MLN-E40ZA

08F75-MLN-E00ZA

The wheel stripes enhance the design while add extra protection to the the wheels, while matching perfectly with the livery of the Africa Twin. Each set includes 2 pieces per each wheel side.

Available colours:

- 08F72-MLN-E40ZA - Tricolour
- 08F75-MLN-E00ZA - Black & Red

SC-PROJECT ADVENTURE MUFFLER

0R24M-REX-014

The Africa Twin SC-Project Adventure slip-on muffler offers a step up in the riding experience and performance, improving the exhaust sound and highlighting the sporty side of the bike.

Twin**

ACCESSORIES

CRF1100L AFRICA TWIN ADVENTURE SPORTS

Honda NXR 750 Paris-Dakar

The NXR750 dominated the Paris-Dakar Rally from 1986 to 1989, winning the trophy 4 years in a row. Back then, the 22 day race started in Paris and ended in Dakar/Senegal crossing nearly 15.000km of African desert. Gilles Lalay won the 1989 Paris-Dakar Rally on this motorcycle with its distinct Rothmans design.

RADIATOR GRILLS

08F71-MKS-E00

Made of stainless steel and showcasing the CRF logo, the Radiator Grills increase the African Twin tough image. Their original mesh pattern combines cooling capabilities with protection for the radiators against flying debris.

**TRANSALP**

ACCESSORIES

XL750 TRANSALP

The original Transalp

The original Transalp, introduced in 1986 with a 583cc V-Twin engine, is something of a legend. And as testament to the sheer quality of its build and timelessness of its design, many can still be seen on Europe's roads today.

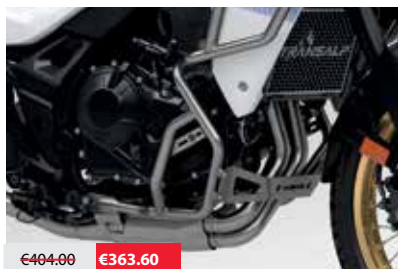

This is just what the new XL750 Transalp is built to do, and a legend of adventure touring is thus reborn.

The logo features a stylized mountain peak icon above the word "TRANSALP" in a bold, italicized, sans-serif font.

Protection

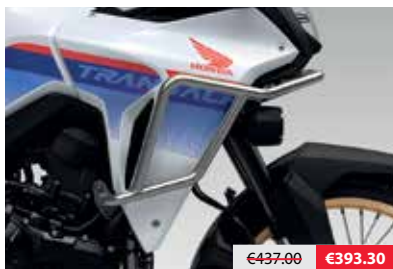

ENGINE GUARD

08ESY-MLC-ENG

The Engine Guard protects the engine frame in case of fall or collision, while providing an enhanced adventure appearance to the motorcycle. Made of steel and finished in Mat Beta Silver Metallic colour. This accessory is required to fit the Skid Plate onto the motorcycle.

This kit includes:

- Engine Guard
- Guard Attachment

FRONT SIDE PIPE

08P72-MLC-D00

The steel side pipes reduce damage to the motorcycle fairings and other parts in case of fall, while providing an enhanced adventure look.

The Guard Attachment (08P74-MLC-D00) is required to install it.

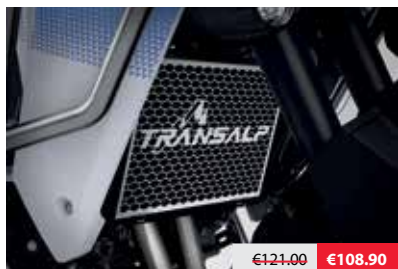

SKID PLATE

08P71-MLC-D00

The skid plate consists of a 2.5 mm thick aluminum plate with excellent strength and corrosion resistance. It is designed to protect the motorcycle parts located around and below the engine like the oil filter or the exhaust pipes, and shaped to fit perfectly with the engine guard for a more compact and resistant appearance.

To install the Skid Plate, Engine Guard and Engine Guard ATT are required.

RADIATOR GRILL

08F74-MLC-D00

The Radiator Grill, featuring the TRANSALP logo and made from stainless steel, has an original mesh pattern combining cooling capability with protective function. This reduces potential damage to the radiator core from debris.

KNUCKLE GUARD & EXTENSION

08ESY-MLC-KNGZB

08ESY-MLC-KNGZC

The Knuckle Guards improve the ride comfort by protecting the rider's hands against adverse weather and wind. (Extension included)

Available in the following colours:

- 08ESY-MLC-KNGZB White Knuckle Guards
- 08ESY-MLC-KNGZC Black Knuckle Guards

TANK SIDE STICKERS

08P70-MLC-D00ZA

08P70-MLC-D00ZB

08P70-MLC-D00ZC

These tank side stickers, feature the TRANSALP logo.

The special surface treatment makes them resistant to scratches and stone chips when driving on rough roads or off-roading, while their flexible sheet makes them easy to install onto the tank surface.

Available in 3 colours:

- Dark Blue - suggested combination with Transalp in "NH196" Ross White (Tricolor) - (08P70-MLC-D00ZA)
- Grey - suggested combination with Transalp in "NHA86" Mat Ballistic Black Metallic - (08P70-MLC-D00ZC)
- Black - suggested combination with Transalp in "NHC64" Mat Iridium Gray Metallic - (08P70-MLC-D00ZB)

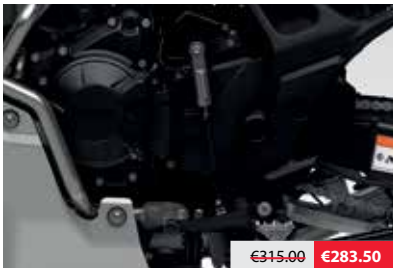

Performance

RALLY STEPS

08R79-MKS-E00

With their aggressive spike shape and a surface 57% larger than the standard ones, these Rally Steps improve the stability and control during off-road riding while reduce risk of boot slip.

QUICK SHIFTER

08U70-MLC-D00

The Quick-shifter allows up and down clutchless gear changes, with auto blipper function for smooth and instant shifting which enables stress-free riding not only for sports driving but also for touring.

Features adjustable operation load in three stages.

Design & maintenance

WHEEL STRIPES

The Top Box inner bag provides a 25L capacity storage and is easy to carry thanks to its shoulder strap. Featuring Honda Logo.

Comfort

HEATED GRIPS

08T70-MLC-D00

Extremely slim heated grips focusing on the area of the hands most sensitive to cold with a 5-level integrated controller for maximum rider comfort. Operated with the handlebar switch, the TFT monitor displays the temperature adjustment level. An integrated circuit protects the battery from draining. The last level selected is memorized when the ignition is switched off.

FRONT FOG LIGHTS

08ESY-MLC-FFL

Set of 2 additional front LED headlights with all necessary components for the fitment to the front side pipe (not included). Increase the visibility for the riders and make them more noticeable for the surrounding traffic.

Operated directly with the handlebar switch and signaled on the TFT monitor when activated. 2 led lamps of 11W.

This kit includes:

- Front Fog Light
- Front Fog Light Attachment

COMFORTABLE PILLION STEPS

08R71-MJP-650

Deluxe pillion footpegs made of aluminium and rubber that are wider than the standard pegs for increased comfort.

DEFLECTOR SET

08ESY-MLC-DFL

Wind and weather protection are enhanced by the Deflectors, which improve the ride comfort by reducing traveling air around the rider's arms, chest and shoulders.

This kit includes:

- Windscreen deflector
- Fairing deflector

HIGH SCREEN

08R73-MLC-D00

The height of the normal screen is extended by 75mm for this accessory High Wind-screen, which increases rider and passenger comfort by maximizing wind and weather protection.

The coated strong polycarbonate surface featuring the Honda logo is scratch-resistant. No additional hardware required for the installation as it is directly mounted in replacement of the standard screen.

€27.00

12V SOCKET

08U71-MKK-D00

Power or charge electrical equipment using this convenient 12V Socket (Provides 2A).

€174.00

€156.60

LOW SEAT *BLACK*

08R74-MLC-D00ZB

The Low Seat, which is 20 mm lower than the standard seat, improves ground reach.

X-ADV

ACCESSORIES

X-ADV

Tougher than the rest!

During the 2019 Gibraltar Race, a 7,000-km all-terrain rally from Baltic Sea to Atlantic Ocean, Renato Zocchi steered an X-ADV to the Class 2 victory. The rider put also himself as seventh overall in the event, beating out the competition of purpose-built dirt bikes and adventure tourers. While his X-ADV was specially prepared with extra wheel travel and ground clearance, Zocchi kept the footboards and drove its DCT version on Gravel mode.

Another proof that no matter where you want to go, the X-ADV is tougher than the rest to get you there!

NC750 X

ACCESSORIES

NC750X

Do you really need a left lever to enjoy riding?

The Dual Clutch Transmission made its worldwide debuts for motorbikes in 2010 with the Honda VFR 1200. Now entering its 3rd generation and downsized to suit mid-displacement bikes, the DCT is completely different from the belt-type transmissions used by most scooters: it is structurally a conventional 6-speed gear ratio transmission, yet electronically controlled when changing speeds. Keep the fun of a manual transmission; enjoy the comfort of an automatic one!

FOG LIGHTS

08ESY-MLR-FLX

Set of 2 additional front Led headlights that will increase the visibility for the riders and make them more noticeable for the surrounding traffic. The LED Fog Lights increases visibility during poor weather conditions with strong brightness despite low energy consumption, with its 11W Fog Lights. Operated through a switch located in the instrument panel, and operation displayed on the TFT display of the motorcycle.

Attachment 08V70-MLR-D80ZA included.

The Front Side Pipe 08P70-MLR-D80ZA is required for the installation.

GRIP HEATER

08ESY-MLR-HGX

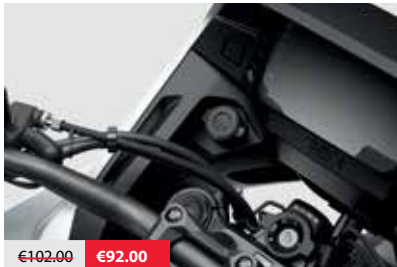

The Grip Heater is a slim handlebar accessory providing 360° efficient heating for the rider's hands in cold weather. It features adjustable heat levels, smart heat allocation, and integrates seamlessly with the bike's design. Attachment 08T70-MLR-D80 included.

12V SOCKET

08U70-MKP-D80

This practical 12V Socket allows to charge electronic devices (Provides 2A). Is conveniently located next to the instrument cluster.

KNUCKLE GUARDS

08P70-MKP-D00

The Knuckle Guards enhances the rider's comfort, by protecting hands and arms from cold, rain and diverting travelling air away.

LEG DEFLECTORS

08R70-MLR-D80

These black deflectors improve the riding comfort by reducing air flow around the rider's waist and knees while controlling travelling air emitted by the radiator.

MAIN STAND

08M70-MKP-J80

The Main Stand allows a more secure parking on variable ground surfaces and eases cleaning or maintenance operations.

Protection

€121.00 €109.00

TOP BOX BACKREST

08F00-MJP-G50

Designed to match the 38L Top Box, this backrest is made of polyurethane foam to improve the passenger comfort. Easy fitment with no drilling required. (Top Box sold separately)

€409.00 €368.00

FRONT SIDE PIPES

08P70-MLR-D80ZA

The Front Side Pipes serve a dual purpose, reducing potential damage to exterior parts in case of contact while bestowing your bike with a rugged and adventurous appearance. These pipes are strategically positioned to enhance the motorcycle's off-road capabilities, through added protection during adventurous rides. Made of stainless steel and finished in black.

€52.00

TANK PAD

08P70-MGH-J20

This Tank Pad provides enhanced protection against scratches for the fuel tank.

Design

€45.00

WIND SCREEN SMOKE

08R71-MLR-D80

The Smoke Wind Screen is a tinted or darkened shield attached to the front fairing. It's designed to reduce wind resistance and improve aerodynamics, enhancing the rider's performance and reducing fatigue during high-speed rides. Additionally, the smoke tint adds a sleek and sporty look to the motorcycle's overall appearance. Same material and size as the standard Wind Screen.

SKID PLATE

08P70-K1T-E50

The Skid Plate protects the engine and lower part of the bike. Protective coating prevents the corrosion and makes it easy to clean.

The Skid Plate is only applicable for CRF300LAP ED model.

The specific details of this brochure do not apply to any particular product supplied or offered for sale. Manufacturers reserve the right to vary specifications, including colours, with or without notice at such times in such manner as deemed appropriate. Major as well as minor changes may be involved. Every effort, however, is made to ensure the accuracy of the particulars contained in this brochure. Consult your Dealer for details regarding the specifications of any featured product. This publication shall not constitute – under any circumstances whatsoever – an offer by the Company to any individual. All sales are made by the Distributor or Dealer subject to and with the benefit of the standard Conditions of Sale and Warranty provided by the Distributor or Dealer, copies of which may be obtained upon request. While efforts are made to ensure specification accuracy, brochures are prepared and printed several months in advance of distribution and consequently cannot always immediately reflect either changes in specification or in some isolated cases the provision of a particular feature. Customers are always advised to discuss specific details with the supplying Dealer, especially if a selection is dependent upon one of the features advertised. Please contact your local dealer for information and specifications. Please note that the fuel consumption figures provided are results obtained by Honda under standardised testing conditions prescribed by WMTC. Tests are conducted on a rolling road using a standard version of the vehicle with only one rider and no additional optional equipment. Actual fuel consumption may vary depending on how you ride, how you maintain your vehicle, weather, road conditions, tyre pressure, installation of accessories, cargo, rider and passenger weight, and other factors. You accept that if you do go ahead and make a purchase or enter into any kind of transaction, whether for payment or not, you did so entirely in reliance on your own skill and judgement and not on that of anyone else.

RIDE WITH STYLE Read the owner's manual thoroughly. Get to know your machine and its capabilities. Concentration assists anticipation. Observe other road users' movements. Brake in plenty of time. Always wear a helmet and quality kit, ride fit and NEVER after drinking alcohol. Good roadcraft and courtesy identify the skilled and stylish rider. Honda endorse the law that all helmet visors must comply with BS 4110. Visors that transmit less than 50% of visible light cannot legally be used on the road.

CUSTOMIZED PARTS IMPORTANT NOTICE

Please read carefully before purchasing any Customized Parts. The manufacturer and distributor of each Customized Part guarantees and warrants the function, performance, and quality as detailed with the Customized Part. Customized Parts must be correctly attached or fitted in compliance with the laws and regulations.

It is the responsibility of the vehicle owner/user to ensure the Customized Parts are correctly attached or fitted to help ensure the safe use of the vehicle, the safety of the vehicle user and others.

You must read carefully and follow the instructions in the Instruction Manual/Leaflet attaching/fitting as instructed. Please make sure to conduct an inspection prior to riding the vehicle, in addition to regular maintenance checks.

If you have any queries about the attachment/fitting, please contact the dealership where you purchased the Customized Parts.

If you experience any abnormalities during the ride, please stop immediately and arrange for an inspection at a dealership.

In any absence of any negligence or breach of duty by us, the use of such Customized Parts is at your own risk. This will not affect your statutory rights.

- Prices are Suggested Retail Price for reference only. Actual sales prices are defined at each dealership.
- Prices do not include the vehicle price, or service rate to attach the option parts etc. These will be charged separately.
- The specifications, price etc. of Customized Parts are liable to change without

advance notice. Customized Parts may require time for delivery or could be discontinued without advance notice.

- You must read carefully the Instructions and Customized Parts must be attached/fitted correctly as instructed to vehicles and parts on the vehicle as specified in the instructions, and should not be applied anywhere that is not specified.
- To attach/fit the Customized Parts, special treatment (e.g. wiring) may be necessary. Please contact the dealership should you have any queries.
- We cannot guarantee that it is possible to attach/fit a combination of various Customized Parts. Such attachments/fittings may not be possible, or require an extensive level of treatments.
- The Customized Parts are not Honda Genuine parts, therefore although some Customized Parts may be similar to Honda Genuine Parts the Durability, Functionality, Quality etc. may differ.
- By attaching the Customized Parts, there is a risk that engine characteristics or drivability may be affected.
- Certain Customized Parts may require to be attached/fitted at a certified factory or workshop, in this instance we strongly recommend attachment/fitting at a certified factory or workshop. Please contact the dealership for the certified factory or workshop details.
- Any fitting time stated is for reference only. For details as to fitting time, please contact the dealership.
- The exact color of the Customized Parts shown in photos may not match the actual color of the Customized Parts.
